IDENTIFYING AND ASSESSING THE RISKS	RISK LEVEL	CONTROLS FOR MANAGING THE RISKS	REMAINING RISK
<p>What to do if someone catches Covid</p>		<p>Adults</p> <p><i>What to do if you have symptoms of a respiratory infection, including COVID-19, and have not taken a COVID-19 test:</i></p> <p>If you have symptoms of a respiratory infection, such as COVID-19, and you have a high temperature or do not feel well enough to go to work or carry out normal activities, try to stay at home and avoid contact with other people, until you no longer have a high temperature (if you had one) or until you no longer feel unwell.</p> <p><i>What to do if you have a positive COVID-19 test result</i></p> <p>If adults have a positive COVID-19 test result, they should try to stay at home and avoid contact with other people for 5 days after the day they took their test.</p>	<p>School to follow Local Authority guidance</p>

Children (aged 18 and under)

Children and young people (aged 18 years and under) who have symptoms of a respiratory infection, including COVID-19

Children and young people with mild symptoms such as a runny nose, sore throat, or slight cough, who are otherwise well, can continue to attend their education setting.

Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people, where they can.

They can go back to school, college, or childcare, and resume normal activities when they no longer have a high-temperature, and they are well enough to attend.

Children and young people aged 18 years and under who have a positive test result

It is not recommended that children and young people are tested for COVID-19 unless directed to by a health professional.

If a child or young person has a positive COVID-19 test result they should try to stay at home and avoid contact with other people for **3 days after the day they took the test**, if they can.

After 3 days, if they feel well and do not have a high temperature, the risk of passing the infection on to others is much lower.

		<p>(a) Should a child still go to their childcare or education setting if they test positive for Covid?</p> <p>No. From 1 April, anyone with a positive COVID-19 test result will be advised to try to stay at home and avoid contact with other people for five days, which is when they are most infectious. For children and young people aged 18 and under, the advice will be three days.</p>	
<p>Staff/ pupils/ parents testing positive</p>	<p>Low</p>	<ul style="list-style-type: none"> • Contacts are no longer required to self-isolate or advised to take daily tests, and contact tracing has ended. • Parents and Carers to report a pupils absence by calling the school office. <ul style="list-style-type: none"> • Unvaccinated staff are no longer required to isolate if they are contacts of confirmed cases of COVID-19. 	<ul style="list-style-type: none"> • If a parent or carer insists on a pupil attending school where they have a confirmed or suspected case of COVID-19, schools can refuse the pupil if in your reasonable judgement, it is necessary to protect other pupils and staff from infection. • School will continue to report positive cases to the Local Authority • LCC will monitor cases and advise schools if they meet thresholds defined in contingency framework.

Opening times	Low	<ul style="list-style-type: none"> • School gates will open from 8:30am for parents and carers to bring pupils onto the school site. • Parents and carers must supervise their child until they enter the school buildings at 8:50am • Parents and carers are responsible for handing their child(ren) over to the class teacher or member of staff on the door. 	
Becoming ill in school	Low	<ul style="list-style-type: none"> • Pupil or staff should be moved to an isolation room. • Windows opened to allow good ventilation • PPE should be used by staff in close contact. • SLT informed then parents called once directed by a member of the SLT • Room cleaned after the individual has left. 	
Staff testing	Low	<ul style="list-style-type: none"> • Staff are advised to take a LFT before coming to school if they feel unwell whilst stocks last. • Staff are asked to report an illness or absence through the usual Absence Management Procedures. • Staff may choose to access test kits, if required, from their local pharmacy or by ordering online. 	<p>School to follow Local Authority guidance</p> <p>The online ordering platform remains open for education settings to access lateral flow device (LFD) test kits free of charge, but should only be used if your setting is experiencing an outbreak and you have been advised to resume testing by a director of</p>

			public health, your local authority, or a local health protection team.
<p>Preventing the spread of Covid-19 within the school setting</p> <p>Handwashing</p>	Low	<ul style="list-style-type: none"> • Hand sanitisers will remain in place around the school and staff and pupils will be asked to use on entry and exit of the setting as good practice. • Pupils will be taught good hygiene and wash their hands with soap and water when going to the bathroom, before lunch and at any other time needed. • Staff to also discuss use of classroom equipment and remind pupils not to put equipment in mouths. 	
Catch it, Bin it, Kill it	Low	<ul style="list-style-type: none"> • Ensure that pupils have access to tissues within the classrooms. • Children to be taught about good respiratory hygiene e-Bug COVID-19 website has additional free resources to support this. • All teacher will model and support pupils on the 1st week back in how to wash hands and also use the sanitiser stations. 	
Cleaning	Low	<ul style="list-style-type: none"> • Regular cleaning of toilets, rooms and other areas of high contact throughout the day as per cleaning rotas. <p>Photocopier</p>	

		<ul style="list-style-type: none"> Staff to use cleaning products provided to wipe down the areas touched after use. 	
Good ventilation	Low	<ul style="list-style-type: none"> Occupied spaces should have windows open to allow good ventilation. You should balance the need for increased ventilation while maintaining a comfortable temperature. School to use CO2 monitors around the school. These to be monitored. If monitors read 1500 or above (or get close to this reading) staff to ensure good ventilation within the room and if necessary take the class outside onto the playground until levels reduce. 	<p>Spaces identified to addressed.</p> <p>Monitors to be regularly checked by SLT</p>
Classroom and school routines	Low	<ul style="list-style-type: none"> All previous arrangements during Covid-19 can now stop. Tables can return to groupings. Water bottles (school sports bottles only) to be sent home daily to be washed and fresh water to be added. Assemblies to take place in halls 	
Lunchtime	Low	<ul style="list-style-type: none"> All staff can access the staffroom throughout the day Pupils move as a block EYFS (F1 and 2) 11:30 – 12:00 in KS1 room Year 1 (12:10 – 12:40) Year 2 – To support transition to KS2, they will begin to access the KS2 hall. KS2 hall Pupils will access the hall on a rota basis 	<p>If at any point an outbreak occurs, groupings will be reduced into individual year groups or classes following guidance from Public Health</p> <p>Staff will stay within their own year group at this point and be advised where to take breaks and lunch.</p>

		Play pupils keep to year blocks (Y3 and 4 small KS2 playground, Y5 and 6 large KS2 playground) The lunch hall will be cleaned down between servings.	
Playtime	Low	Year 1 – 10:15 – 10:30 Year 2 – 10:30 – 10:45 Year 3 (Small KS2 playground) and 5 (Large KS2 playground) – 10:15 – 10:30 Year 4 (Small KS2 playground) 10:30 – 10:45 Year 6 (Large KS2 playground) 10:30 – 10:45	
Meetings	Low	<ul style="list-style-type: none"> All staff meetings can take place in halls or classrooms. 	
Visitors	Low	<ul style="list-style-type: none"> All visitors can access the school All visitors to school to be agreed by SLT 	
Water fountains	Low	<ul style="list-style-type: none"> Can be used 	
PE	Low	<ul style="list-style-type: none"> Pupils to attend school in PE kits 	
Office	Low	<ul style="list-style-type: none"> Only agreed staff to enter office. Other staff to email requests or access the office staff via the office window. 	
Assemblies	Low	<ul style="list-style-type: none"> Assemblies can begin again in the hall with whole year groups, Key Stages etc. 	
Music session	Low	<ul style="list-style-type: none"> All signing and music can continue 	
Educational Visits	Low	<ul style="list-style-type: none"> SLT to be spoken to by staff before any visit is planned as per Educational Visits Procedures Schools to risk assess venues and seek advice on Covid measures from venue. Location and purpose of visit to be considered Number of Cases in school will be used to consider 	

		if a visit is planned.	
School Work force		<p>School leaders are best placed to determine the workforce required to meet the needs of their pupils</p> <p>Following expert clinical advice and the successful rollout of the COVID-19 vaccine programme, people previously considered to be particularly vulnerable, clinically extremely vulnerable (CEV), and high or higher-risk are not being advised to shield again. If staff were previously identified as being in one of these groups, they are advised to continue to follow Guidance for people previously considered clinically extremely vulnerable from COVID-19.</p> <p>Staff with a weakened immune system should follow Guidance for people whose immune system means they are at higher risk from COVID19. In some circumstances, staff may have received personal advice from their specialist or clinician on additional precautions to take and they should continue to follow that advice.</p> <p>Whilst individual risk assessments are not required, employers are expected to discuss any concerns that people previously considered CEV may have. Employers will need to follow this specific guidance for pregnant employees. COVID-19 vaccination: a guide for women of childbearing age, pregnant or breastfeeding contains further advice on</p>	

		<p>vaccination.</p> <p>Your workplace risk assessment should already consider any risks to female employees of childbearing age and, in particular, risks to new and expectant mothers.</p> <p>Employers should be able to explain the measures they have in place to keep staff safe at work. The Health and Safety Executive (HSE) has published guidance on protecting vulnerable workers, including advice for employers and employees on how to talk about reducing risks in the workplace. Employers should discuss concerns with staff.</p>
